

“Meeting employee needs is challenging.
Meeting the government’s is critical”

▶ It is getting increasingly more complicated and serious for employers to keep up with the ever-changing HR laws and regulations. And, understanding the rules and following the rules are both essential elements to developing and maintaining an effective compliance program.

The Employer Compliance Alert is a necessary resource for employee benefit administrators and decision makers looking for organizational security and peace of mind.

These timely alerts, authored by lawyers of Spencer Fane Britt & Browne LLP, will compliment your compliance program by keeping you

informed about the changes in major health care law and potential violation and penalties for non-compliance. Help your organization become and stay compliant today with the Employer Compliance Alert.

Compliance Benefits

Compliance Matters: Compliance is not only relevant, it is necessary. Protect your organization by staying abreast of the regulations, required documentation and forms concisely summarized in these alerts.

Trusted Resources: Every compliance alert is authored by a qualified lawyer of Spencer Fane Britt & Browne LLP. These lawyers have world-class knowledge and experience in handling complex matters and are leaders in their respective fields.

Time Sensitive Topics: Alert subjects cover the latest compliance and labor issues announced by the U.S. Department of Labor and other governing agencies including HIPAA Privacy and Security, CHIP Expansion, COBRA Premium Subsidy and Eligibility and more.

Make Your Job Easier: With regulations and laws constantly shifting, and many employers trying to do more with less, it's important that you get information that is to the point. These electronically sent alerts summarize key information into an easy-to-understand report of the latest regulations.

Tailored for Employers: These alerts are intended for owners, C-level management, HR officers and staff, benefits managers, compensation management, corporate health and wellness officers or, any organization concerned about the potential pitfalls of poor compliance management.
